

ENERGY IMPROVEMENT LOAN

5-, 7-, and 10-Year Loans

Invest in heating and cooling and other performance upgrades!

Would you like to lower your utility bills and reduce your energy usage? The Energy Improvement Loan from Harborstone Credit Union can help. We finance qualifying energy efficiency projects, such as HVAC systems, water heaters, generators, and windows. If combined with qualifying equipment, you can apply up to 50% of the cost to energy efficiency performance upgrades such as insulation, air sealing and duct sealing.
